

EXTERIOR RENDERING

This includes one exterior architectural drawing in color with some landscaping (12" X 18" on watercolor paper)

PRICE: Between \$1,500 – 1,800 for one rendering (*averages 15 – 18 hours*)

PROCESS:

1. Fill out one project form per building. Please include the following:
 - Elevation drawings (CAD or hand drawn)
 - Window and door selections
 - A material list of exterior finishes including siding, stone, brick, roofing material, trim detail, garage doors, corbel, bracket and gable details.
 - A detailed list of all color selections.
 - Photo examples of finished building with angle view.
 - Vendors and website links would be helpful.
 - Anymore inspiration photos of desired outcome examples would help as well.
The more information you provide, the better
2. You will then receive a quote with an invoice and letter or agreement to be signed and emailed back. Exterior buildings will range between \$1500 - \$1800 per room for a 12" x 18" hand rendering on watercolor paper, done with watercolor, Prismacolor markers, colored pencil and ink. Full payment is expected up front before work can begin.
3. Initial perspective sketches in pencil will be emailed and altered until the client is happy with the overall look.
4. Once both parties are satisfied with the final layout, then the colored paint, pencil and ink will be added. Any alterations that are made after this point may result in extra fees. Please expect that the project will take anywhere from 1 – 2 weeks.
5. A hard copy of the rendering will be mailed to you in a shipping tube with a shipping cost, if a print is requested. Otherwise, you can expect to receive a photograph of the rendering over email in a high, resolution digital format.
